

## Advisory

Your Honor, the Plaintiff will skip any opening statements and come right to the point.

I'll do this by the numbers so nothing is lost and we cover the issues one time,

1. Your Honor, the Plaintiff has never read any arguments by anyone at the 5th.  
This will never happen again - Period.

I did read the 5th's opinion and conclusions of Law and how they remanded the case back to the District Court for further proceedings.

I saw where the 5th is saying I didn't connect the Defendants to the violations of Equal Protections, and file a 2nd complaint.

and

They wanted to get an attorney for the Plaintiff due to this Civil Action, is fixing to get complicated and complex in prison talk down and dirty — How a nice girl got into a mess like this beats me but I'm here to stay.

Defendants

Advisory to Court that  
has unsettle the Plaintiff as a  
Pro-Se and gave a unfair Advantage  
to the Defendants

To the Honorable Judge of Said Court,  
Now Comes, Ms  
Bobbie AKA the Plaintiff and brings her  
issues to Court for clarification.

2) Your Honor, I had a 2<sup>nd</sup> Amended Complaint fairly ready and put the icing on it two weeks ago.

I'm filing the 2<sup>nd</sup> Amended Complaint for two reasons, first to let the Court know I stand firm in my conviction this Civil Action is a "Just Cause" and will stop pains and suffering that's going on.

Second to clear up the confusion, who are the right Defendants.

The Plaintiff needs it plainly understood that the CMHCC AKA "Committee" is not sued, it would be "legal suicide" to even attempt a Civil Suit of this nature.

3) Question:

Does the Committee have the jurisdiction to represent the Directors of Mental/Medical Health AKA "Directors"?

4) Question:

If the Committee takes on the roles of "Directors", does this Action bar the Committee from any future 11th Amendment Action against the Civil Action and the CMHCC Committee?

Your Honor, the Plaintiff is not saying the "Directors" can't make a Argument under Ex Parte Young. The Argument for the Directors would be very weak due to they ARE connected and they furnish the treatment plans for Gender Dysphoria and the Plaintiff is ASKING for a injunction.

The Correct Defendants ARE named per Limited Discovery.

5. Questions:

What is Dr. Liwthicum's role?, the 5th had her as a "Committee member", but in a Tele-Conference call it was revealed she was not a member.

Your Honor, I can't get a handle on her. What is she?

Dr. Liwthicum came across as a "Advocate" for the Plaintiff, she knows I'm gay, been in the Transgender Health for 9 years, since Jan 2013 and she certainly could of slanted her Step 2 that could of hurt me but she said the Doctor had to follow the treatments of Policy 5.11 w/attachments 5/16/2012.

I don't know how to place her

, she rides for the "Brand" — the 14th Amendment.  
At least that's the way I got her now.

Also Your Honor, until you tell me otherwise I'll consider any motions I filed as moot concerning the 2nd Amended Complaint — seems we are in new legal areas.

⑥ Your Honor, the 2nd Amended Complaint is no receipt OK — if it don't cut the mustard and you got to appoint a attorney, give him the. clt says it all, YES I would like to talk to one but the 2nd Amended complaint allows him to take a look without coming to see me and we get to skip all the kissy-poo introductions. Also, he can arrange a phone visit. I do need help on interrogatorys and Discovery.

In closing, the timing to file the 2nd Amended complaint rest solely with your Honor, its in your hands and respect and to provide any help that will further the Civil Action.

Also would it be possible to get a copy of the Second Amended complaint with them number across the top — the Court gave me that in the Original and 1st Amended ones.

The clerk won't give it up unless you tell her.

So Prays the Plaintiff

Re - Civil Action 2:17-cv-18  
2<sup>nd</sup> Amended Complaint

Dear Clerk,

By the numbers.

① Give this to the Judge, let the Judge  
give Directions on how she wants  
to handle this

She didn't ask for it But I'm trying  
to respect her all I can.  
Remember to ask her.

② I need you to send me a copy  
with them #5 across the top - You  
did in the [original] [1<sup>st</sup> Amended Complaint]  
so it should be a problem in  
the 2<sup>nd</sup> Amended Complaint.

③ Don't you dare lose this - it's  
got some heavy stuff in it. The Civil  
Action has all its flags flying, I lost the  
summary issue but stayed in the Action  
because the Defendants said they were the  
ones to sue and could provide relief  
so the 5<sup>th</sup> wouldn't dismiss.
